## **OUR LABELS ACTUAL SIZES**

Here is a small chart that has our label sizes in their true size. In order to get correct exact size please print this document exactly 100% to get accurate measurements as your computer may tweak the sizing to fit your monitor better.

Please feel free to use this file in your vector graphic design software of choice also to make your own stickers to fit the template of your choice and send it over to us for printing.

See page 2 for the Label diagrams!
